***Tell BIG Business and  
Special Interest Groups NO!  
Vote NO on PROPOSAL 2***

## **GET THE FACTS**

***IF PROPOSAL 2 PASSES, IT WILL CONSTITUTIONALLY:***

- *Eliminate voter ID, so we have no idea who is actually voting.*
- *Allow politicians and bureaucrats to lock the public out from receiving election records, potentially making it a crime to ask questions about election accuracy.*
- *Allow big corporations and special interest groups to fund our elections, which has been proven to manipulate election outcomes.*
- *Allow unethical politicians to prey on our most vulnerable, including the elderly and individuals with special needs, through the practice of “ballot harvesting” (manipulating votes and canceling yours).*
